

Text Tuesday, March 2, the Red River Valley association expects to appear before a United States Senate committee in Washington and ask for funds for a definite project report on Millwood dam and reservoir.

The association appeared before a House of Representatives committee February 17 and requested \$250,000 for this purpose. The March 2 hearing before the senators should be the crucial one in determining whether Millwood is to be definitely programmed as a federal public works in the next couple of years.

As you know, we stated in this column on February 18, and subsequently, that the controversy over the location of Millwood dam was pledged to be ended when a stipulation was entered into between the various parties that if \$250,000 in federal tax funds were provided for a re-survey of the project by the Corps of Engineers then the proponents would abide by the engineers' final report.

The re-survey was made. The Corps of Engineers upheld Millwood project at its original location, 10 miles northwest of Fulton.

I have before me a transcript giving the exact language of the senate sub-committee hearing at which the stipulation was agreed to. The following are excerpts from a hearing before the Sub-Committee of the Committee on Appropriations, U. S. Senate, 81st Congress, first session, on civil functions, Department of the Army Appropriations Bill, 1950, pages 559 through 560 of the total transcript.

The transcript recites that among those present were:

Col. Roy D. Burdick, Senator John L. McClellan of Arkansas, Senator Elmer Thomas of Oklahoma, Senator Allen J. Ellender of Louisiana, and L. R. Mathias of Shreveport, who is executive vice-president of the Red River Valley association.

Col. Burdick introduced himself as representing "some 30 civic, commercial, and political organizations residing and holding property above the site of the proposed Millwood dam." And then he said:

COL. BURDICK: Since coming to Washington, I have discussed this matter with the proponents of the Millwood dam with regard to the fund of \$150,000 which is in the current House bill now under discussion for plans and specifications for Millwood dam.

We have agreed with those proponents of Millwood dam that if we can get a basin-wide survey, not only for Millwood dam, but for the upstream dams which we have advocated, we will withdraw further opposition and abide by the statement of the Corps of Engineers.

SEN. MC CLELLAN: Do you mean a basin-wide survey in the Millwood dam area?

COL. BURDICK: Yes, sir. I mean Little River basin in Arkansas.

SEN. MC CLELLAN: What you have in mind is a survey with regard to Millwood dam or substitute dams, is it not?

COL. BURDICK: Yes, sir; to determine which type of project is the most feasible one. We would like to be sure that the Corps of Engineers has ample funds with which to carry on the studies authorized by the resolution of the Senate Committee on Public Works of January 28, 1949. That resolution authorized a study of the whole Little River basin, taking into account the proposals which may be advanced by the Soil Conservation Division with respect to supplemental work on water flow and run-off retardation work to augment the system of dams which will be built by the Corps of Engineers.

SEN. MC CLELLAN: I would like to make this statement: I have understood that generally those people below Millwood dam favor it and that those above the Millwood dam generally oppose it.

COL. BURDICK: That is true, sir.

SEN. MC CLELLAN: Now, you have had a conference here with representatives of those who favor the dam, and with those who oppose it, and you have reached an agreement, at least among yourselves, that if this additional money is provided and the Corps of Engineers is authorized and directed to make a complete survey and then a report, you will be satisfied. Is that correct?

COL. BURDICK: Yes, sir.

SEN. MC CLELLAN: Your people will also then be satisfied. Is that correct?

COL. BURDICK: Yes, sir; I believe so. I have not had time to talk to all of them, however. I have spoken to some of the people I represent here in Washington, and they have agreed to that proposal.

SEN. MC CLELLAN: Then you are not here opposing the appropriation of this money for the project itself? You simply want a thorough survey made to make certain that we are right before we go ahead on Millwood dam and also to determine the feasibility of substituting other dams for Millwood.

New Blasts at U. S. Feature of Red Army Day

By RICHARD KASISCHKE

MOSCOW (AP) — Russia's military leaders marked the 36th anniversary of the Red army today with new blasts at the United States and repeated assurances that Soviet armed forces are sharpening their skill with the "newest weapons."

The army chief of staff, Marshal Vasily Sokolovsky, charged in Izvestia that "American imperialists are preparing a new war against the Soviet Union and the people's democracies." He warned that Soviet forces are preparing for combat in the atomic age.

The Soviet defense minister, Minister Marshal Nikolai Bulganin, in a special order of the day, called on the armed forces for increased vigilance, military preparedness and competence in using the most modern weapons.

Adm. Nikolai Kuznetsov also spotlighted new weapons, writing in Izvestia that the Soviet army and navy had received in arms equipment "which are greatly superior to the arms and equipment of the second world war."

The parade of special articles also included an interview by the Soviet news agency Tass with Marshal M. Chistyakov, who charged "reactionary circles in the United States and Britain treacherously held up the opening of a second front in World War II in order to weaken the U.S.S.R. and save the fascist aggressors from complete defeat."

It was one of the biggest Armed Forces Day celebrations ever held in the Soviet Union. There were mass sporting events, special meetings and speeches throughout the country, and special radio and television programs.

Want Ike to Plug for Tax Program

By CHARLES F. BARRE

WASHINGTON, (AP) — Republican congressional leaders are looking to President Eisenhower to help bolster public and congressional support for the administration's beleaguered tax program.

Some Republican legislators have expressed concern over almost daily Democratic attacks declaring the Eisenhower program gives too many tax cuts to business and doesn't benefit the average taxpayer enough.

Democratic leaders are firmly predicting enactment of Democratic proposals for an increase in individual income tax exemptions, which would spread the biggest tax reductions among large family and low income groups. They argue this would boost consumer purchasing and help pull the nation out of its current economic dip.

Their various proposals would save taxpayers — and cost the government — from 2½ to 4½ or more billion dollars the first year, and possibly more later. They also would increase the prospective federal deficit by that amount.

Key GOP lawmakers concede privately there is some restiveness in Republican ranks over opposing an increase in personal exemptions in this congressional election year. Thus they are looking to the President, whom they credit with great popularity, to help them hold the line — if that is what the administration still wants.

Eisenhower has described his tax program as one carefully balanced to provide both individual and business tax cuts, and to boost consumer buying while at the same time giving badly needed incentives to business.

with this requested re-survey, the re-survey was made — and the Corps of Engineers brought in their final report, again upholding Millwood dam and its location 10 miles northwest of Fulton.

As for the continued opposition of Dierks Lumber & Coal Co. despite the stipulation their representative, Col. Burdick, made, the figures on Dierks' ownership of land in the proposed Millwood reservoir area speak for themselves.

Col. Herbert D. Vogel, chief of the Corps of Engineers, Dallas, said in a statement October 6, 1953, that Dierks owns approximately 13,700 acres to be covered by the conservation pool (minimum water level), and approximately 41,000 acres to be covered by the flood control pool (maximum water level).

The Dierks holdings are 13,700 of total 24,500 acres at the conservation level, and 41,000 of total 108,000 acres at the flood control level.

Deer Swims Narrows Lake

George W. Hosmer, mechanical superintendent of The Star, made this photograph of a big doe swimming in Narrows lake Sunday, February 7. Picture shows the low north bank of the lake about a mile west of Daisy. The long ripple trailing the doe gives an idea of her speed in the water. The incident was reported in the February 8th Daily Bread column of A. H. Washburn, Star publisher, who was maneuvering the boat while Mr. Hosmer shot pictures.

Dean Asserts Reds Dream of Ruling World

HELENA, Mont. (AP) — The Communists are "convinced" that someday they will achieve their goal of world Communism, Maj. Gen. William F. Dean declared last night. He urged a buildup of our military reserves.

The Reds' No. 1 Korean War prisoner addressed a Helena Korean Honor Day program, held in tribute to war dead. He said the Reds, hope to achieve communism in the United States by one of three methods:

"1. By physiological warfare or propaganda. They have fellow travelers and they are excellent propagandists . . .

"2. The economy attack. They feel if we can have an economic depression that we will have a revolution and communism will take over . . . They encourage the worry warts and the phrophets of evil things to come.

"3. By military aggression. But they are not going to attack until they feel we have let our guard down. No country can too long keep a too large military service."

Pope Forced Back to Bed by Illness

By ROBERT E. JACKSON

VATICAN CITY (UP) — Pope Pius XII has been forced back to bed and his condition is such that a long period of steady treatment is required, it was made known today.

Vatican sources said the pope, who will be 78 years old on March 2, has shown new signs of fatigue and over-exertion. They emphasized that there is no cause for alarm. But Catholic circles in Rome continued to worry about the pope's lack of progress in his fight against gastritis.

The semi-official Vatican City newspaper Observatore Romano said in a special statement:

"The course of the illness of the holy father, while it has all the elements to encourage predictions of the desired happy outcome is revolving with accentuated slowness."

Observatore said this should not cause surprise because the pope had been weakened by months of overwork and worry. The fact that the pope has continued to do some work "has led many people to believe that the period of quick convalescence has already started," the news paper said.

"Instead, a long period of continual treatment remains indispensable," Observatore continued. "This is made necessary both by the nature of his infirmity and by the pontiff's general condition."

11 in State Dept. Were Loyalty Risks

By WILLIAM F. ARBOGAST

WASHINGTON, (AP) — Eleven State Department employees released in 1953 were suspected loyalty risks, and out of 590 let go as "security risks," 291 got jobs in other federal agencies.

The statistics were contained in testimony made public today by the House Appropriations Committee, whose Democratic members have been insisting in budget hearings that all departments specify how many of their security cases were actually adjudged subversive. Democrats have claimed that the vast majority of the 2,220 federal employees fired or resigned under the Eisenhower administration security program were let out for reasons other than suspected disloyalty.

To date, the committee has made public complete or partial breakdowns by seven agencies of their security dismissals. With approximately 671,500 employees, these departments have accounted for 1,058 security dismissals or resignations in 1953. Forty of these were listed as suspected or actual subversives. Causes of dismissal of the others included drunkenness, homosexuality, over-talkativeness, and incompetency.

Japs Return to Iwo Jima Only to Work

B WILLIAM J. WAUGH

TWO JIMA (AP) — The Japanese are back on Iwo Jima the sulphur-pocked island which in World War II cost the U. S. Marines 20,000 casualties to win.

Two hundred and fifty Japanese workmen are salvaging junk left over from the fighting nine years ago to ship back to Japan's factories.

They are working under an agreement between the U. S. military and a Japanese firm. American salvage firms turned down the project as uneconomical because of the distances involved and present U. S. scrap prices.

Atop Mt. Surabachi, the American flag flies where it was planted Feb. 23, 1945—one of the new spots where the Stars and Stripes are never lowered.

"We use about one flag a week," said Maj. Harry M. Edwards of Gleason, Tenn., executive officer at an Air Force base used by transpacific planes.

Nearby are four shrines for the 23,000 Japanese defenders killed. Japan was permitted to send religious groups to build them.

Looking down on the black sands of the invasion beach from atop Surabachi, it is hard to believe that any force could storm up "that open stretch in the face of 135 dug-in positions commanding every inch of the approach."

The youngster was taken to a specialist in Texarkana. Negroes of the North Hazel Street area raised \$50 to help pay for treatment.

Joshua Prather, Negro, who suffered a deep stab in his chest during another fight on North Hazel Street over the weekend, has been released from the hospital.

Rashi has a record of 120 wins and 50 defeats during the years he has been with the Yankees. He had 33 wins and 6 defeats last year and a 16-6 record the year before. From 1949 through 1951, he won 21 games a year.

Bulletin

By LEON HATCH
LITTLE ROCK (AP) — Bill Jenkins today asked the federal courts to save him from death in the electric chair at Tucker Prison Farm Friday morning.

Through his attorneys, the part-time Indian Jenkins filed a petition for a writ of habeas corpus. The petition asserts that he was deprived of various constitutional rights in his conviction of first degree murder for the fatal shooting of 16-year-old Cleo Jones near Hot Springs Feb. 17, 1953.

U. S. District Judge Thomas C. Trimble set a hearing on the eight-page petition for 10:30 a.m. tomorrow.

The petition asks that the scheduled electrocution be stayed and that Jenkins be brought into federal court for a hearing.

Second Phase of Explaining Berlin Talks

By JACK BELL

WASHINGTON, (AP) — Secretary of State Dulles comes out today for round 2 in his fight to win Congress to his view that this country more than held its own at the Big Four meeting in Berlin.

He arranged to meet with the House Foreign Affairs Committee and presumably he planned to take the same line he adopted in briefings to key Democratic and Republican congressional leaders yesterday.

U. S. agreement to send Red Chinese delegates to an April conference in Geneva on Asian peace problems does not mean that U. S. recognition of Red China is in the offing.

Meanwhile, there was on indication that Dulles had failed to quiet all the doubts in the minds of the lawmakers with whom he talked for 90 minutes in his office yesterday.

Would Ban Talk About Recession

By JACK BELL

WASHINGTON, (AP) — Sen. Ferguson (R-Mich.) said today Democratic talk of a business recession is hurting the country and ought to be stopped.

Ferguson, who heads the Senate GOP Policy Committee, spoke out after former President Hoover has discounted the possibility of a depression and Democratic National Chairman Stephen A. Mitchell had said reaction of the pocket-book nerve is likely to determine control of Congress in November.

"I don't think there is going to be any recession but I must say the propaganda for it is much more effective than I had anticipated it would be," Ferguson said in an interview.

"All this talk is persuading some people not to buy. And when they don't buy an article, somebody who is making it loses his job."

Hoover told the American Good Government Society here last night that as a man who had had one depression named for him "he thought there are no signs on the landscape of any big depression now."

Reds Suddenly Withdraw From Laos Capital

By JAN BARRE

HANOI, Indochina. (UP) — The French high command announced today that the Communists have withdrawn suddenly from the vicinity of Luang Prabang, capital of Laos.

The dramatic withdrawal came amid mounting French Union attacks which were interpreted as the opening of a campaign to drive down Communist Viet Minh forces in present positions until the April 28th big power conference on Korea and Indochina.

Only 10 days ago Luang Prabang appeared to be under the threat of an immediate, all-out Red attack.

It was not immediately clear whether increasing French military pressure or a Communist desire to quiet the fighting from pending the outcome of the Geneva conference prompted the withdrawal.

Some 1,500 Communist troops vanished from the very gates of the Laotian capital today.

French patrols, ranging over 100 miles into the jungles around Luang Prabang, found no signs of the Red "regional" forces which were dug into their Chinese-style bunkers and menaging the city only a short time ago, the high command said.

As French forces struck out, Emperor Bao Dai called in his top advisers to discuss India's appeal for an Indochina cease-fire.

The suggestion was made yesterday by Indian Prime Minister Jawaharlal Nehru.

Nehru is held in high regard by the press and public here and they gave his proposal moderate approval. Nationalist Viet Nam circles were skeptical it would be accepted. Official quarters were markedly cool because Nehru never recognized Viet Nam as a sovereign state.

French and Vietnamese military officials termed the cease-fire before negotiations "impractical" because of the lack of definite lines of battle and widespread guerrilla activity.

French sources predicted new blows in the north to jockey up the French battle positions and seize the initiative from the Communists. Optimism already was flickering through French headquarters at apparent failure of the Red winter offensive.

BENTON, (AP) — Prosecutor J. D. W. McCoy says Saline County Treasurer Bruce Moore has admitted the "misappropriation" of \$17,115.65, which auditors found in his accounts.

McCoy said no charges will be filed until the grand jury releases its findings.

Leaders Push for Action on Treaty Plan

By JO HALL

WASHINGTON, (U)—The Senate goes back to its lengthy debate on the Bricker proposal to curb treaty powers today with leaders pressing for final action on the thorny question this week.

The proposed constitutional amendment has been before the body for almost a month, although laid aside temporarily for some other business.

Republican Leader Knowland of California told newsmen he thought the Senate now was ready to dispose of the matter tomorrow or Thursday. He said considerable other legislative business is piling up.

Up for consideration today is an amendment offered by Sen. Bricker (R-Ohio) to his own original proposal, which drew strong opposition from President Eisenhower. Bricker now proposes to write

CHICAGO, Feb. 23 (U)—Soybeans soared nearly 10 cents a bushel to the highest prices in three years in active dealings on the Board of Trade today.

Buying in soybeans in part reflected strength in soybean oil and meal. The meal was quoted at \$1.00 to \$1.02 a ton in the cash market, a new peak for 1954 and up about \$10,000 from the start of the year.

Wheat also was quite firm, although not matching the gains in soybeans. All new crop wheat futures set new seasonal highs on buying attributed in part to receipt of more dust storms in the winter wheat belt over the week end.

to challenge what he calls "unwarranted abuse" of loyal army officers.

The new case involved Mrs. Annie Lee Moss, whom McCarthy described as a current employee in an army signal corps code room in the Pentagon.

Mrs. Mary Markward, a former FBI undercover agent, testified that she had known a woman named Annie Lee Moss as a Communist "as early as 1944." She said the woman worked in a Pentagon cafeteria at that time, and belonged to a Communist organization in which Mrs. Markward was an officer. "There is no question in my mind" but that this is the same woman who now works in the code room, Mrs. Markward said.

Stevens told reporters he had "never heard" about Mrs. Moss before today.

CAMP KILMER, N. J. (UP)—Brig. Ralph W. Zwicker says Sen. Joseph R. McCarthy "congratulated" a former Communist who testified just before he did at a secret hearing in New York last week.

"This fellow, an acknowledged former Communist, was commended for doing a wonderful patriotic duty and it sounded like the senator thought he ought to have a medal or something," Zwicker said in an interview yesterday.

Zwicker, holder of the Silver Star and Legion of Merit for his combat service in World II, was told by McCarthy that he was "not fit" to wear a uniform after he and the senator tangled over the handling of the discharge of a suspected Communist major.

Zwicker holder of the Silver Star Kilmer, said he did not know who in the Army Department ordered the major's honorable discharge and "I'm not supposed to know."

The general, a West Point graduate, said the admitted ex-Communist

nist preceded him as a witness at the controversial hearing and "went down the line, testifying and naming names."

"Senator McCarthy was pleased. He congratulated the witness Zwicker said.

"Then I took the stand and boom. I never anticipated anything like it. It certainly was an experience to me."

The general said he had been ordered by the Army Department to give an honorable discharge to Maj. Irving Peress of New York, who had been termed a "Fifth Amendment Communist" by McCarthy after he refused to answer questions about alleged Red activities.

Benton Resigns at Monticello

PINE BLUFF, Mo.—Jim Benton, all Southwest Conference end at the University of Arkansas in 1936 and 1937 and former pro star, announced yesterday he has resigned as head football coach at Arkansas A&M to enter private business here.

The Benton-coached Bollweevils won the Arkansas Intercollegiate Conference football championship last year.

Benton, who became an assistant at Arkansas A&M in 1950 and took over as head coach a year later, said he had mailed a letter of resignation to A&M President Horace Thompson Sunday.

Thompson said at Monticello last night that "We hate to lose Coach Benton. He is a good coach and a fine man."

The lace bodice was fashioned with a portrait neckline and long fitted sleeves. The bouffant tulle skirt flared into a chapel train of accented pleated lace. Her fingertip illusion veil was caught to a cap of nylon sprinkled with pearls. She carried a bride's bouquet of white gardenias and periwinkle centered with a white orchid.

Miss Sarah Ann Johnson of Fort Smith, maid of honor, was dressed in a gown of toast imported Italian lace with matching mitts and bonnet. She carried a bouquet of yellow carnations and acacia with showers of yellow ribbon.

The bridesmaids, Mrs. E. B. DeWitt of Charleston, sister-in-law of the bride, Miss Mary Alice Butler of Fort Smith, and Miss Caroline Cox of Hope, junior bridesmaid and niece of the groom, were gown-d in identical frocks of French blue lace and tulle with matching caps and mitts. They carried cascade bouquets of pink carnations.

Lieutenant Edward Morris was the groom's best man, and Lieutenants Frank Holland, Edward Ryan and Andrew Dilts served as ushers.

Mrs. DeWitt chose for her daughter's wedding a powder blue suit with matching accessories. She wore an orchid corsage, Mrs. Orton, mother of the groom, was attired in a costume of gray-blue taffeta and lace. She wore a shocking pink hat and her corsage was of matching carnations.

The bridal party left the Chapel, under an arch of sabres, for the officer's Club where the reception was held immediately following the ceremony. Serving at the reception were Mrs. Kay Venturillo, Miss Marjorie Khilling and Mrs. Betty Martin who was in charge of the bride's book.

For travel, Mrs. Orton wore a navy dress with matching accessories. Her corsage was a white orchid. After a wedding trip to New Orleans, the couple will be at home

Changes in Amendment Denounced

By JACK BELL

WASHINGTON, (AP)—Sen. Wiley (R-Wis.) today denounced as a "hodge-podge" White House-approved changes the Senate has voted in a proposed constitutional amendment by Sen. Bricker (R-Ohio) to curb treaty powers.

Wiley, who heads the Senate

Foreign Relations Committee, said in an interview he believes one change—to require all past and future treaties to be made in "pursuance" of the Constitution—"would raise Cain in the courts."

This proposal, adopted by a 44-43 vote of the Senate last week, would make all past and future treaties subject to court review on their constitutionality.

It was combined with proposals to require Senate roll-call votes on treaties and a requirement that treaties and other international agreements conform to the Constitution to make up what now is known as the administration's bill.
